NOTES AND TERMS

- We request utility locates through 811 before excavation.
- Color can vary from the sample board with weather, the batch and finishing.
- Stamped concrete needs periodic resealing to keep its color; we'll tell you when.
- Pour dates depend on the weather; a rained-out day moves the schedule, not the price.

**How to pay:** Deposit by bank transfer (ACH) or card through the pay link on your deposit invoice.
